

COMMUNITY GROUP LEADER BASIC TRAINING

LESSON 6: GOSPEL COMMUNITY

INTRODUCTION:

Out of our identity in Jesus flows the second expression of that identity in community toward the body of Christ. God is a relational being who exists in the community of the Father, Son and Holy Spirit. Therefore as His images bearers we were created as relational beings for the purpose of glorifying Jesus in community.

ASSIGNMENT:

Watch the leader training video [Part 6: DDL: Gospel Community](#)

REFLECTION:

Read John 13 for yourself and reflect on how Jesus models the Trinity in community with his disciples.

PRACTICE:

Make a list of how your community preaches the gospel through the way you live your lives together. Make another list of the ways your community *could* preach the gospel.

DISCUSSION:

1. How does a community group advance the kingdom of God?
2. What would be the result of a community imaging God to one another?
3. Why is community an essential aspect of being a disciple?
4. How will you shepherd your group to be a place of honest confession and repentance?
